## SOS Rocks The Canyon Club! December 7, 2010

From Keb'Mo, Billy Vera and The Beaters to Teresa James and The Rhythm Tramps and the SOS All-Stars with Snuffy Walden and the amazing talents of the young Sara Niemitz, December was a night of wonderful music in Agoura Hills! With the performers giving of their time and talent, even buying tickets to the event and making donations rather than being paid, it was a showcase of support for SOS and the mission.

All the performers were extraordinary and indeed the evening would not have happened without their dedication and hard work. Snuffy Walden and Terry Wilson (Rhythm Tramps) produced the show and there are no words that can express our gratitude for their professionalism.

Tuesday's are notoriously bad nights for the public to go to clubs. But Tuesday December 7th was an exception! They came, they danced and they loved it. Lance Sterling the club owner wants us back – and soon. We'll keep you posted!
